

FURRISH

GOOD. CLEAN. FUN.

GOOD. CLEAN. FUN.

When it comes to making dog grooming fresh and fun, we've thought of everything.

Our products are gentle enough for all skin types, but tough enough for the most adventurous (and muddy!) Our range includes everything you might need and each product is developed for quality and effectiveness. Nothing but the best for your best friend!

So for dog grooming products you can use at home, Furrish is good, clean, fun.

FURRISH

We know and love dogs as much as you do. We know some can be sensitive souls and some like getting messy. And we know some who don't like bath time!

So we've developed a complete range of grooming products you'll both love to use.

Formulated for your particular pooch and designed to be gentle to both skin and hair, our shampoos, conditioners and colognes offer a fresh scented clean.
