Colour Definitions The colours for all line, solid and text elements are defined in the available vector data. Unless otherwise specified, all picture elements are designed as CMYK (ISO coated.v2) and may need to be reworked with regard to the printing process and/or spot colour channels. Litho Work The data at hand is not intended for lithographic purposes. Any necessary trapping (spread or choke) and process-specific dot gains have not been taken into account.	New Creation ☒ Changes ☐          Cyan Magenta Yellow Schwarz Pant. 108 C Pant. 3544 C Pant. 3035 C Pant. 2355 C WHITE	Item Code / Ident.
