

PRODUCT SPECIFICATION

Product Name: Supreme Salmon Oil for Pets

Product Size: 300ml, 500ml, 1000ml

Product Profile:

Supreme Salmon Oil is a premium, fresh source of natural omega-3 fatty acids, designed to support your pet's health. Sourced from Norwegian Atlantic salmon, it is rich in antioxidants and omega-3s, promoting healthy skin, a shiny coat, strong joints, and overall well-being. Extracted using a patented process, it preserves the perfect balance of EPA and DHA for optimal pet health.

Ingredients:

Fresh Norwegian Salmon oil, Antioxidants (natural mixed tocopherols, rosemary extract)

Category	Component	Value
Main Composition	Rest-raw material of Salmonidae	99.9%
Additives	Antioxidant E 306 (Natural mixed tocopherols)	185 ppm (in sunflower oil)
	Antioxidant E 392 (Rosemary extract)	30 ppm (carnosonic acid, carnosol)
Chemical Composition	Free fatty acids (FFA)	<1 %
	Water	<0.5 %
	Insoluble impurities	<0.03 %
	TOTOX	<20
Color	Color	Red – Orange
Microbiology	Salmonella	absence/25g
	Enterobacteriaceae	<10 CFU/g
Fatty Acid Composition	EPA (20:5 n-3)	2 – 3 %
	DHA (22:6 n-3)	3.5 – 5 %
	DPA (22:5 n-3)	1 – 2 %
	ALA (18:3 n-3)	4 – 6 %
	Total Omega-3	15 ± 2 %
	Total Omega-6	13 – 16 %
	Sum polyunsaturated fatty acids	26 – 33 %
Vitamins (Fat-Soluble)	Vitamin D3 (Cholecalciferol, IU/kg)	9000 – 16000
	Vitamin K1 (Phylloquinone, ug/kg)	250 – 370
	Free Astaxanthin (mg/kg)	>4

Guaranteed Analysis (As Fed Basis):

Component	Guaranteed Analysis (As Fed Basis)
Crude Protein (Min)	0%
Crude Fat (Min)	99%
Crude Fibre (Max)	0%
Moisture (Max)	1%
Omega-3 Fatty Acids	14,000 mg
EPA	2,000 mg
DHA	3,000 mg
DPA	1,000 mg
Omega-6 Fatty Acids	11,000 mg
Omega-9 Fatty Acids	30,000 mg

Nutrient Claims:

1. Rich in Omega-3 Fatty Acids

- High in EPA (Eicosapentaenoic Acid) and DHA (Docosahexaenoic Acid) to support joint, skin, and coat health.

2. Supports Skin and Coat Health

- Omega-3 content can promote a shiny coat and help reduce dryness and itching.

3. Promotes Heart Health

- The essential fatty acids in salmon oil may help support cardiovascular health in pets.

4. Joint Health Support

- DHA and EPA are known for their anti-inflammatory properties, potentially aiding joint mobility.

5. Naturally Contains Vitamin D

- Contains naturally occurring Vitamin D, which supports bone health and immune function.

6. Antioxidant-Rich

- Contains natural antioxidants, such as Vitamin E, which help protect cells from oxidative stress.

7. Promotes Brain and Eye Development (suitable for puppies or kittens)

- DHA is crucial for the neurological and visual development of young pets.

8. Reduces Excessive Shedding

- High in Omega-3 and Omega-6 fatty acids, which can help minimize excessive shedding and maintain a healthy coat.

9. Soothes Itchy, Dry Skin

- Rich in essential fatty acids that provide natural moisture to relieve dryness and soothe irritated skin.

10. Maintains Hydration for Healthy Skin

- Omega-3s in salmon oil contribute to overall skin hydration, helping prevent cracking and dryness.

Suggested Daily Serving Amount:

Daily serving amount: 1 pump per 3kg body weight. Apply directly on pet's food.

Maximum amount per meal: 12 pumps

Direction for use:

Keep the bottle upright and pump the required dosage. Unscrew the cap to release pressure if needed.

Use within 4 months after opening. Refrigerate after opening. Shake well before use.

Other Information:

Storage:	Store in a cool dry place and away from heat and direct sunlight
Country of Origin:	Norway
Raw Material:	Atlantic salmon farmed in Norway
Packaging:	300ml, 500ml, 1000ml in PET bottle
Shelf Life:	36 months
Allergens:	Fish and products thereof
Dioxins:	<5.0 ng WHO-PCDD/F-TEQ/kg
Sum of Dioxins and Dioxin-like PCBs:	<20.0 ng WHO-PCDD/F-PCB-TEQ/kg
Dioxin-like PCBs:	<11.0 ng WHO-PCB-TEQ/kg
Non-dioxin-like PCBs:	<175 µg/kg
